

CB23F35: Low-Code Application Development using Zoho Creator

AIM:

To create a Student Admission form using Zoho Creator

OUTPUT:

The screenshot displays the Zoho Creator interface for a form titled "college management student details". On the left, a "Basic Fields" palette offers various field types: Name, Email, Address, Phone, Single Line, Multi Line, Number, Date, Time, and Drop Down. The central workspace shows a form layout with fields for Name, Email, Phone, Address, and a Register number (with a "123" icon). A Zoho logo is visible below the Register number field. On the right, the "Field Properties" panel is open for the "Name" field, showing options for Field name, Field link name, Validation (Mandatory is checked), and Display Fields (First Name and Last Name are checked). The bottom status bar indicates "Trial has expired" and provides links for Upgrade, Help, and a Smart Chat icon.

The screenshot shows the Zoho Creator interface for a form titled "Student Management Application Student Form". The "Basic Fields" palette on the left includes the same field types as the previous screenshot. The central workspace displays a form layout with fields for Student Name, Date of Birth, Gender, Email, Phone, Address, Department, and Year. On the right, the "Field Properties" panel is open for the "Student Name" field, showing options for Field name, Field link name, Validation (Mandatory is unchecked), and Display Fields (First Name and Last Name are checked). The bottom status bar shows "Trial expires in 6 days" and includes links for Upgrade, Get started faster!, Help, and a Smart Chat icon.
